

INSTRUCTION FOR AUTHORS

THE AUSTRALASIAN JOURNAL OF NEUROSCIENCE publishes original manuscripts on all aspects of neuroscience patient management, including nursing, medical and paramedical practice. Manuscripts are accepted for exclusive publication in the Australasian Journal of Neuroscience.

Peer Review

All manuscripts are subject to blind review by a minimum of two reviewers. Manuscripts are subject to editorial revision and the order of publications is at the discretion of the Editor.

Submission

A letter of submission must accompany each manuscript stating that the material has not been previously published, nor simultaneously submitted to another publication. The letter of submission must be signed by all authors. A statement on the ethical aspects of any research must be included where relevant and the Editorial Board reserves the right to judge the appropriateness of such studies. Authors of all accepted manuscripts are required to sign Open Access Agreement prior to publication. Rejected manuscripts are returned to the author.
